

Feelin' Good

Keep your colon healthy

DESCRIPTION

Do you occasionally feel weighed down and backed up? Fortunately, there's something you can do about it. Getting proper amounts of fibre (at least 20 to 25 grams a day) is one of the best ways to regulate your bowels.

Fibre is vital for a healthy colon. It feeds beneficial bacteria and produces short chain fatty acids that the colon's cells rely on for energy. Add Neways' Feelin' Good to your diet, and you'll notice a difference. This concentrated dietary fibre comes from a variety of natural food sources to give you more of the fibre you need. It's a superior fibre source because it features uniform high fibre content with herbs that support regularity.

Keep your digestive system supported and functioning, and enjoy Feelin' Good.

BENEFITS

- Promotes intestinal tract transit
- Supports colon health
- Supports gastrointestinal health
- Supports regularity
- Supports normal digestion

DIRECTIONS

Take two capsules with a meal three times daily. Always read the product label before use.

FULL INGREDIENT LIST

Flax seed powder, hydroxypropyl methylcellulose, Microcrystalline Cellulose, Psyllium Seed Husk Powder, Prune Fruit Powder, Apple Fibre Powder, Artichoke Leaf Powder, Gentian root powder, Silicon Dioxide, Magnesium Stearate, Slippery elm bark powder, Fructooligosaccharides, Alfalfa aerial powder, Ginger root powder, Aloe vera gel powder, Enzyme Blend, Lactobacillus acidophilus, Marshmallow root powder, Microcrystalline Cellulose, Maltodextrin, Echinacea root powder, Calcium Stearate, Gum Arabic

KEY INGREDIENTS – FURTHER INFORMATION

Flaxseed powder - Known as linseed is a good source of dietary fibre and has been used to promote regularity.

Psyllium seed husk powder - Psyllium is native to Iran and India and is currently cultivated in these countries. Psyllium husks are packed full of mucilage and fibre.

Prune powder - an excellent source of fibre, prunes have naturally high antioxidant content.

Apple fruit powder - An excellent source of fibre and pectin.

Slippery Elm powder - The main active component of slippery elm is mucilage, these large and slippery molecules help to support digestive health.

Marshmallow root - Traditionally associated with digestive and respiratory support, marshmallow has a naturally high mucilage content

Artichoke leaf powder -The artichoke is one of the world's oldest plants used to support health. The ancient Egyptians placed great value on the plant. This plant was used by the ancient Greeks and Romans as a digestive aid. Modern science has demonstrated that the active leaf constituents support bile formation.

Enzyme Blend -This enzyme blend provides digestive support by promotion of food breakdown.

Alfalfa leaf - has a rich history of use in both Chinese and Indian traditions and is commonly associated with digestive support.
